MY PERSONAL RECOMMENDATION

I would like to suggest a new Central Express Location: _____

Actual Central Express locations will be chosen from the locations listed above based on the actual number of families choosing each particular location. If you would like to create a new Central Express location, please indicate your desired location above. Please understand that a minimum of 12 campers is necessary to create a Central Express stop.

The Central Express discount will be credited only to families using actual Central Express stops. If the location you have chosen does not have the required number of campers, and is thus not chosen to be a central stop, we will be happy to call and inform you of the next closest central stop from your home. If you choose not to accept the Central Express stop closest to you, the Central Express discount will no longer apply and your child will be picked up door to door without any discount for Central Express.
