Frogbridge Fun Facts

20 years ago, the summer before our opening season, the first activity that Dr. Nick built was our very first GAGA court. 16 years later The Octagon made its debut and our very first octagon winners were written on the wall of fame.

What's Gonna Hoppen Week 2:

- * Monday - Unusually USA!
- * Tuesday—Happy 4th of July!
- * Wednesday—Stars and Stripes Day!
- * Thursday—Picture Day!
- * Friday—Wacky Water Day!

Welcome Home!

It may have seemed like an eternity, but we are all thrilled to be back home again at Frogbridge! We waited ten long months and finally the day was here! Old friends were reunited, new friends were quickly made and one thing was for certain, we were all super excited and ready to start the summer together.

Our Main Street activities kicked off right away with campers making amazing and creative new projects! From Silly Science, to Ceramics, and from Arts and Crafts to the World of Wearables, campers are sure to have many masterpieces come home this summer. For the first time ever, our Middle and Senior Campers will have a choice of "selective" activities they can participate in.

Our all new selective activities give our upper campers (4th through 7th graders) a choice of selecting an activity to participate in all 5 days of the week, giving them the opportunity to do more of what they most enjoy throughout the week! Make sure to ask your campers what activity they went to. You will be super proud of all their masterpieces.

As promised, week 1 at Frogbridge was over the top! The Newleynet Game, a staple of Frogbridge which helps campers meet and learn more about the others in their group, had campers eager to learn as much as possible about the campers in their Groups and some fun facts about them! Our first Wear it Wednesday was Miss Matched Day and boy was it a bit wacky! Campers and team members came to camp dressed in some of the most awkward combinations you could imagine! Some wore dif-

ferent socks, while some wore two different shoes! Way to go on all your creative get ups! On Thursday, we had our first ever largest Lego guess! Their were Legos of all different shapes and sizes in a giant container and each camper had a turn to make a guess! Congrats to Sophia N. from MG4 for guessing only 32 Legos away from the original count!

Before we knew it, Friday was here, and we all know what that means....Sweet Caroline and The largest Camper Congo line in the world! Campers and Team Members joined together and were singing and dancing all through assembly! The excitement was unbelievable and best of all, it was all caught on video so be sure to watch it at home on youtube, facebook or Shutterfly! As the day continued, we also welcomed The Kirsch Project to Harrison Square Garden. The magic and hypnotism had our campers on the edge of their seats! Make sure to ask them about the excitement!

The fun is just beginning here at Frogbridge! There is so many more events planned we simply can not wait! From Wacky Water Day to the Camp Carnival, Talent Shows, Theatreworks and so much more, get ready to have the summer of your lives! Have a great weekend and we will see you back on Monday to kick off Week 2!

CIT News!

The future is looking really BRIGHT for our incoming CITs! For the first time ever they designed their very own CIT 2017 sunglasses! It was amazing to see all of them wearing them at our very first assembly! Great job to you all in adjusting to your new group placements!
