Frogbridge's Got Talent!

Is it possible we are really at the half way point of our summer? Week 4 might have been the quickest one yet, and boy did it bring a whole lot of excitement. The best part about week 4 is we get to share it with all of our camp families as you joined us to watch the talent shows!

Week 4 started out as any other week at Frogbridge. Campers participated at their favorite activities, groups were practicing for the Talent Show, and everyone was laughing and having a great time in the pool. When we arrived at camp on Tuesday morning to everyone's surprise, we had no power and camp was running on generators. Luckily for all of us we were able to still enjoy the next two days at our happy place. Projects were being made in arts and crafts, spin zone bumper cars were bouncing around and we had a delicious lunch in our air-conditioned tent. Everyone was having an amazing time and it felt like camp during the 80's. (How ironic that

our campers experienced this just a few weeks before 80s day at camp!)

For all of our families and friends that joined us at this weeks Talent Shows, we are sure you would agree how talented our Frogbridge Campers are. (and how wonderful our generators are that kept us cool in the air conditioning!) From coordinating dance moves, to gymnastic stunts, to wearing matching, creative costumes, our campers and team members did an exceptional job with this years talent show. They had a little over 3 weeks to learn their dance and perfect it. We couldn't be more proud of them. From TP1 and their little dinosaurs to SG1 and their music combos, each group was something to behold. A great big shout out goes to the select boys in Middle Boys that participated and had Harrison Square Garden cheering! We hope you all enjoyed the shows as much as we did.

The theme for this week was certainly a wacky one! On Wednesday, we all came to camp wearing our wackiest

socks. The creativity at camp is just amazing. Besides

wearing our wackiest socks on our feet, campers and team members had them pinned to their t-shirts, wearing them on their hats, and even on their hands! Thank you to all who participated!

The wackiness continued on Friday with Wacky Water Day - always a camper favorite. Water inflatables take over Frogbridge as they are put inside and outside the pools. The campers have a blast splish-splashing around on the waterslides, and everyone gets soaking wet. The absolute BEST part about wacky water day is definitely the Frogbridge Dunk Tank. Campers get to dunk their favorite counselors and instructors into the tank of water. With everyone laughing and cheering on the sides lines, the counselors are soaked from head to toe. What a fun and wacky fun time.

As the first half of Summer 2019 comes to an end we want to say goodbye to those campers leaving us today. Enjoy the rest of your summer and make sure you come back on Parent BBQ to visit. For ALL the campers that are staying with us, the fun is only just beginning. We have so much more in store like Boot Camp, JR's Big Birthday Bash, Robert Channing, The Camp Carnival and Slime Time. But the real question is when will Color War Break? We have been talking about it since Day 1, and everyone is on pins and needles, you just never know!

Have a great weekend and we will see you next week. Don't "froget" Frogbridge Friday at Iplay is next Friday August 2nd from 6-9! We hope to see you all there!
