SUMMER 2021

Frogbridge Fun Facts

## Gold Avengers VS. Green Justice League

### Did You Know???

Our 86 Acre relay race is one of the most exciting events of Color War. It combines all 86 acres and every activity here at Frogbridge and incorporates every camper and Team Member at camp on that day. The race starts at the beginning of the property with the Generals and they run to the next event tagging off until the teams have completed all of the events. The final task is to complete a giant puzzle in their team color and then unlock a combination lock, sending their team colored balloons into the air. The campers and Team Members all meet at the final event cheering them on. Ask your campers what their group event was!

### What's Gonna Hoppen Week 8:

- \* Monday—DisneyWorld or Disneyland!
- \* Tuesday—Super Bowl Sundaes!
- \* Wednesday—Disney Day!!
- \* Thursday—Octagon Finals!
- \* Friday—Reality Day and Bridge Crossing!

The week we had all been waiting for, for almost two years was finally here. The Battle at the Bridge continued in a big way on Monday with the Green Justice League and Gold Avengers battling it out. Campers were ready to compete in activities,

Team Members were excited to sing songs in the finale and the Generals and Lieutenants were ready to kick off the 86 acre relay! General Eric and General Harrison started the race at the camp's entrance on Yellow Meeting House Road, and from their every camper and activity was involved in the race to get to the finish line at assembly and send their colored balloons into the air. For the first time in Frogbridge history both teams basically ran the race together until the finish line, when the Gold Avengers solved the combination, sending the Gold balloons flying! They then all worked together to solve the combi-

nation on the green team's lock. You all did such an incredible job.

Our first ever Frogbridge Find it game had team members getting items for their groups and running them up first to get points for their teams. JR had teams looking for giveaways, bandannas and even green and gold tutus which the generals had to put on! The staff kickball game was the next round of points up for grabs. The cheering coming from the teams, showed just how much Frogbridge spirit we all have.

Tuesday afternoon we all gathered at assembly for the Color War finale. The teams presented their song books, Team Plaques and sang their Fight Songs and Alma Matters. It was so nice to see both teams supporting each other, but in the end it was the Gold Avengers that took the title of Color War Champions for this summer. We can't say enough how proud we are of both of these teams!

When we returned to camp on Wednesday for our regular activities it was also Star Wars day! Campers had many different Star Wars shirts on, we don't think there was even too of a kind! It's great to know that the force will always be with us!

Our annual petting zoo came for a surprise visit to say hello to our Tadpole and intermediate friends on Thursday. There were goats, chickens, bunnies and even a little donkey. Our youngest campers had so much fun feeding and brushing their new friends.

On Friday when we arrived to camp, we noticed The Frogbridge field area was transformed into the world famous Camp Carnival. With so many rides and games galore, campers were super excited to win prizes and eat lots of fun treats! Between the popcorn, cotton candy and snow cones we hope they saved enough room for Friday's BBQ lunch!

It's sad to think when we come back here on Monday, we will be starting the last week of 2021. Catch up on your sleep this weekend because we promise there is still much more fun in store! We are certainly NOT looking forward to Reality Day! Have a great weekend and we will see you on Monday!
