## Welcome Home!

After ten long months, the day we had been waiting for was **FINALLY** here! Frogbridge old friends reunited, new friendships were ready to be made and the best summer of our lives was about to begin. It felt good to be back home!

The weather did not seem to be on our side this week, but lucky for us we got started right away in our favorite activities. Frogaritas were served, ice cream with lots of toppings was had in Ribbits, and many of us got to explore all 6 of our new ropes elements. Goals were scored in soccer, leagues kicked off in middle and senior camp, and we even had our first **HOME RUN** at Little Fenway. Frogbridge campers came to camp ready to have some fun!

Tuesday morning started off with our Green and Gold Trivia. It was so great to see so many of our returning friends teaching our new friends so

much about their favorite place. The fun continued in the afternoon with the return of The Newlymet Game. How amazing to see how much we learned about all our first year campers in just two days. A big congrats to JB5, MG4 and SB3 for having the most matches in their divisions.

Stars and Stripes day, put a little twist to our favorite July 4th wear it, Red, White and Blue. The USA spirit could be felt all over camp, as campers came to camp covered from head to toe in stars and stripes, that were of course all red, white and blue! Way to go USA!

When we asked campers to come to camp on Thursday all ready to dress up their counselors in as much spirit wear they could find, we never would have guessed that they literally would be dressed from head to toe. From the craziest hats, to tutus, slippers, Halloween costumes and more, counselors thought they would be participating in a fashion show. Little did they know that the Silly Back-

wards Scavenger show, would have JR asking them for items that they might be wearing for this scavenger hunt. If they were wearing the item he called out they had to take a step back and make their way to the finish line. A huge congrats to MG4 for not only dressing up their counselor, but their assistant as well, and winning the race!

And then in a flash it was Friday and there it was, the longest Camper Conga Line in the world, singing and dancing to Sweet Caroline. A Frogbridge Friday morning tradition for 24 years, campers dance all around assembly with their groups! To kick off our Friday Special Events, Powerhouse studios joined us this week and performed their Wild-N-Wacky Camper Challenge show. Groups competed in all different silly challenges, campers and Team Members were pied and one lucky camper was even **SLIMED** from each division! Make sure to check out all the pictures online.

As fast as this week went, it's just the beginning. There is so much more fun to be had this summer, we literally can't wait! Just as a reminder camp is open on Monday, July 3rd, but closed on Tuesday, July 4th! Have a great weekend everyone and get ready for next week...we have lots of surprises ready to go!
